SIEMENS

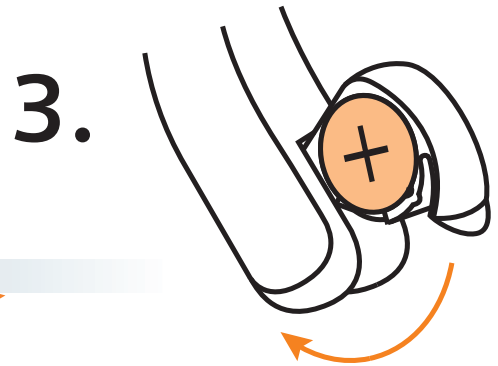

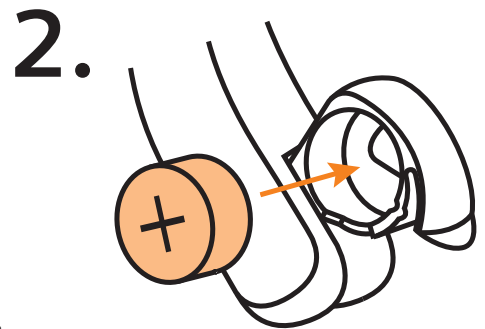

Changing the battery

1. Open the battery compartment.

2. Remove coloured sticker from new battery, place battery in drawer with + symbol on battery + side up. (You should only remove the protective sticker when you actually use the battery).

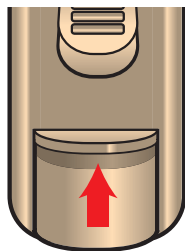

3. Close battery door.

On and off

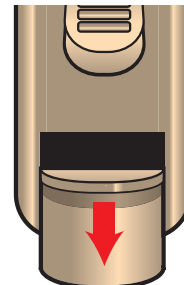

To turn the hearing instrument on, close battery compartment.

on

To turn the hearing instrument off, partially open the battery compartment.

off

The program button

The button is used to change the hearing instrument program.

Your audiologist will complete the details:

- | | | | | |
|--|--------|--------------------------|----------|--------------------------|
| 1. Everyday listening = You will hear 1 beep | Active | <input type="checkbox"/> | Inactive | <input type="checkbox"/> |
| 2. = You will hear 2 beeps | Active | <input type="checkbox"/> | Inactive | <input type="checkbox"/> |
| 3. = You will hear 3 beeps | Active | <input type="checkbox"/> | Inactive | <input type="checkbox"/> |

Using the button to switch on and off

Can I use the button to turn
the hearing instrument on and off? Yes No

- To turn the hearing instrument off:
press and hold the button for 3 seconds.
- To turn the hearing instrument on:
press and hold the button for 3 seconds.

Note: When the hearing instrument is turned off using the button, wait 10 seconds before trying to turn the instrument on again.

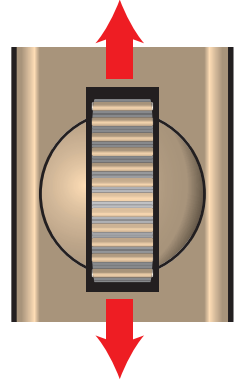

The volume control

Manual control can be fitted on some instruments?

Can I use the manual volume control? Yes No

To adjust the volume:

- Roll the wheel up to make it louder.
- Roll the wheel down to make it quieter.

Using the telephone with AutoPhone™

The AutoPhone function is:

Active Inactive

- Hold the telephone next to your hearing instrument at the top of your ear. The hearing instrument will automatically change to AutoPhone and then return to normal when the telephone is moved away.

Cleaning your hearing instrument

Your audiologist will give you full explanation of how to clean your hearing instrument, however, you may use a damp cloth to wipe over the hearing instrument and ear mould.
